

Dear Alumni and Employers:

The **Computer Science** Department at Southern University and A & M College, College of Sciences and Engineering has developed an annual Sponsorship Program. The Sponsorship Program provides opportunities for alumni and employers who want to maximize their giving back and recruiting efforts. The level of sponsorship is an annual commitment with benefits which include website presence, on-campus recruiting preference, and expanded campus exposure to Southern University computer science students, alumni, faculty, and staff. The Computer science Department strives to develop collaborative relationships with students, alumni, employers, and student services to further enhance our students' career and academic development.

We understand the important role alumni play in helping our students convert their career vision into reality. The Sponsorship will provide you a chance to give recognition to your organization among hundreds of others. Your sponsorship will go towards sponsored events, student development, both professionally and academically. For further assistance, visit our website <http://www.cmps.subr.edu/> or please contact us directly either by phone at 225.771.2060.

Thank you in advance for your consideration of our program. The computer science department looks forward to partnering with you through this exciting and unique program. We appreciate your continued support.

Sincerely,

Southern University and A&M College
College of Sciences and Engineering

EVENT SPONSORSHIPS

If you are interested in sponsoring Computer Science events our office will host numerous seminars and workshops designed to connect students with prospective employers and prepare them for prosperity in whatever endeavor they may pursue. Some of our events include:

- Computer Science Student Supplies
- Summer Programs
- Dr. Leroy C. Roquemore Symposium
- High School Teacher/Faculty Luncheon
- ACM: Meet and Greet
- Student Employment Seminars
- Motivational Speakers Series Luncheon
- High School Application Waiver

Sponsorship amounts for each event will vary depending on programming cost. Benefits include company advertisement on all event promotional materials, company display table at sponsored event, special table/booth arrangements for Career Fair event sponsors, and company logo displayed on Career Services' website.
